

IMS POLICY

Agnail Ltd operates within the framework of an integrated Quality and Environmental Management System to provide efficient and sustainable waste brokerage services that satisfies customer requirements and all applicable legal and other compliance obligations.

We are committed to continual improvement by setting objectives that are aligned with the strategic business direction which are designed to enhance the performance of our activities and reviewed for effectiveness by our internal audit and management review processes.

Our integrated management system promotes risk-based thinking, pollution prevention, control of aspects through reduction of waste to landfill, efficient recycling and recovery processes and minimising the use of natural resources from a lifecycle perspective with participation from employees, contractors and stakeholders who are our most valuable asset.

A handwritten signature in black ink, appearing to read "S. Norris".
